++ Valid for broadcast between 1800 and 0600

Headline:
A dry evening with cloud thickening overnight.

This Evening and Tonight:
Dry this evening with clear spells, especially across the south and east. Cloud will build from the west overnight, leaving overcast conditions for all by dawn with the odd light patch of rain and drizzle possible near the west coast. Minimum temperature 3 deg C (37 deg F).

Tuesday:
Some brightness in the northeast at times, otherwise a cloudy day with patchy light rain and drizzle. Overnight a more widespread band of rain will move across the country. Maximum temperature 12 deg C (54 deg F).

Outlook for Wednesday to Friday:
Rain will clear on Wednesday morning with sunnier conditions following. Showers on Thursday and Friday with a risk of hail and thunder. Colder on Friday with stronger winds.
